

15:35:25 From COSA Zoom 2 : Here is the Guidance on 202 Graduation and Moving Up Ceremonies just released this morning.

16:03:52 From 3A-Nick Lupo : Win-Ran Tafts second Virtual Information Night last night. It went very well.

16:05:59 From Christopher Carmiencke 2A : I used/stole an idea from the last Thursday COSA session (2 weeks ago) to recognize seniors! Daily Senior Spotlight on Social Media. Huge success!

16:07:03 From 3A Chris Daniels : Amity-We've been having a all staff happy hour every week just to connect and laugh together.

16:09:00 From Jake Huffman- Crook County High School : WE can see it.

16:12:32 From Mike Solem : My families are really expressing that they want closure sooner than later.

16:13:05 From LaKisha Clark : Our seniors have expressed that they would like a conclusion sooner rather than later as well.

16:13:36 From Christopher Carmiencke 2A RRSB : We created a google form for Student/ Parents/ Staff, and had a small committee of staff and students make a decision using Roberts Rules. It was very collaborative.

16:13:44 From 4A - COSA - Lynn Jackson : A pretty successful Zoom meeting with a Seniors provided some of the best feedback for us. The chat feed was pretty lively.

16:14:03 From Mike Solem : I want to clarify I said families but it really is the senior voices that I am referring to also.

16:14:21 From Majalise Tolan : Great ideas. Thank you!

16:14:31 From 6A Terrance Schloth : Anyone have ideas for equitably holding drive a up graduation? With the focus on families who don't or can't afford to drive.

16:15:20 From 6A Mark Brown - Newberg : Our Parents want closure now, but the Seniors have really expressed the desire to wait until we can hold an in-person graduation together

16:15:51 From 5A - Lee Loving - Ridgeview HS : Our Performance-based teachers have a TON of success with FlipGrid. Easy to use and really cool!

16:16:30 From Mike Solem : My seniors are telling me that if it is going to be virtual anyway why not do it sooner than later.

16:16:45 From 6A Chris Brida - Lincoln HS : Echoing Lee--our culinary teacher has been doing projects at home with support of the teachers--students do "make a recipe from your pantry" once per week

16:16:55 From 6A Chris Brida - Lincoln HS : with support of parents as well

16:17:09 From 4A - COSA - Lynn Jackson : For the performing arts, there have been virtual talent shows, submissions of digital recordings analyzed through SMART music.

16:18:01 From 6A Mark Brown - Newberg : <https://info.flipgrid.com/>

16:18:14 From 3A Josh Jannusch : Our auto and welding classes are partnering with the community college and sharing online resources. We also use SMART music.

16:18:42 From 4A - COSA - Lynn Jackson : Thank you for the leads on FlipGrid.

16:19:44 From 4A - COSA - Lynn Jackson : The CCC curriculum also

allows for the OSHA 10.

16:21:47 From Diane Fitzpatrick : Our district created key power standards in math. Columbia University has made it very clear that students can only absorb and learn about 25% of the content compared to brick and mortar in class teaching.

16:21:59 From Christopher Carmiencke 2A RRSB : I have encouraged combining priority standards with the 10 mathematical practices to keep the students engaged.

16:22:39 From 6A Chris Brida - Lincoln HS : Our teachers have worked together across different subjects in math to determine what the standards are to be ready to move to next curriculum--Algebra 1-2 to Geometry 1-2 to Algebra 3-4 etc.

16:22:54 From 3A Josh Jannusch : For OSHA 10 - <https://www.careersafeonline.com/> and for the auto/welding resource is <https://www.alldata.com/>

16:23:46 From 4A - COSA - Lynn Jackson : Echoing Chris Brida's comments.

16:25:22 From Mike Solem : We are focused on giving the big essential standards for the rest of the year so that we will need to do as few academic supports as possible for next year. With the ESSA money we are going to do a 3-4 week jump start at the end of the summer prior to school starting.

16:25:36 From 2A Morgan Cottle RRSB : The mention of dual credit. That came up in a discussion today of colleges issues grades, but on HS transcripts needs to be a P or I.

16:26:44 From 1A Stacey Whaley : Is anyone else looking at finishing instruction by about June 1 and then focusing on catching up the "Incompletes" the last 2 weeks? We also have to plan to get all of the tech back for summer maintenance, so this could stagger the turn in times.

16:27:05 From 5A Tom Spoo : Fully agree with Lynn on this one. This is the direction we are moving as well. Though we do have a few teachers within the Math Dept. that disagree

16:27:35 From Christopher Carmiencke 2A RRSB : Great idea Stacey

16:27:40 From 6A Chris Brida - Lincoln HS : I think prioritizing PLC team in having them work together in the manner Lynn discussed--what can we get through now vs what do we need to start next year with, etc. is critical

16:28:33 From 4A - Jeff Roberts - Seaside HS : We adopted the ALEKS platform two years ago and it's been a lifesaver for distance learning. That platform combined with recorded video instruction on "topics" by our math team shared across classes, and open Google Meets have helped to support students that have remain engaged.

16:29:15 From Joe Hosang : Summer School is an idea, yes

16:29:50 From Christopher Carmiencke 2A RRSB : We are focusing more on 7th and 9th grade transitions that had to be cancelled this year.

16:29:57 From Christopher Carmiencke 2A RRSB : For summer plans

16:30:05 From Laurel Smalley : Prior to the school closure, KHS had already planned and bought curriculum to support credit recovery in the summer.

16:33:06 From Joe Hosang : What I saw was that we could have graduation at a large venue if we can keep folks 6 feet apart. Am I reading that correct?

16:33:17 From 5A – Lee Loving – Ridgeview HS : Document Summary: So you're saying there's a chance! :)

16:33:46 From 2A Morgan Cottle RRSB : Nice movie reference.. one in a million

16:34:00 From Patti Alexander : Page 4 says we can have more than 25 if we can keep 6 feet apart

16:34:24 From Joe Hosang : That's what I'm reading

16:35:22 From Joe Hosang : NOPE. I read it that we can have a larger number if we can maintain the appropriate distance

16:35:32 From Joe Hosang : Right

16:35:48 From Joe Hosang : Page 4 first question

16:36:28 From Joe Hosang : Yes! Don't ask for clarification.

16:36:33 From 3A\_deannev : yes, please

16:37:07 From Patti Alexander : on a football field you can do that

16:37:27 From LaKisha Clark : But page 3 gives a football example of 25

16:37:40 From LaKisha Clark : Football field example, I mean

16:40:36 From 2A Morgan Cottle RRSB : Executive order clear on no more than 25.

16:47:08 From Christopher Carmiencke 2A RRSB : Way to go Morgan! Rogue River Morgan!

16:47:30 From 2A Morgan Cottle RRSB : Not many guy Morgans around....

16:48:02 From nick lupu : We are going to highlight a department a day next week. social media and website.

16:48:33 From Laurel Smalley : Social Media Spotlights about staff, encouraging students and community to share their thanks and appreciation.

16:48:40 From beans : At Molalla High, the admin team is going to each teacher's house and delivering goodie bags. We have about 35 teachers.

16:48:46 From 1A Stacey Whaley : I created a flip grid for each teacher for students to post thanks and greetings for their teachers.

16:48:47 From Cecile Enright : Mailing cards

16:48:55 From Joe Hosang : We're putting signs on every teacher's lawn and lunch. All of this is being funded by community members

16:49:12 From 5A – Lee Loving – Ridgeview HS : We send a google form to all kids in our school (1000 kids)which included every teacher name and asked the students to tell that teacher how they felt about them. Our Admin team is putting these together and sending them in a pdf to our teachers. We have had over 600 kids already respond, LOTS of amazing things. Tear fest

16:49:31 From 1A Stacey Whaley : Boosters and PT0 take a bigger role in sending gift card, etc.

16:49:39 From Majalise Tolán : Lee that is great!

16:49:53 From beans : Seaside conference?

16:50:05 From beans : Still on, definitely cancelled?

16:50:15 From 4A – COSA – Lynn Jackson : Credit Earning Assurance Plans...thoughts on how to effectively carry that out.  
16:50:22 From Rilke Klingsporn : I would like to hear continued plans for graduation/senior events  
16:50:31 From 6A Chris Brida – Lincoln HS : preventing virtual burnout  
16:50:32 From beans : Thanks  
16:50:37 From Joe Hosang : YES!!!! Academic Intervention. I'll be able to do some research next week. Maybe I can talk a bit more intelligently about it, but don't expect much  
16:50:46 From Rilke Klingsporn : @Chris Brida – agreed!  
16:50:50 From LaKisha Clark : I second Rilke and Chris' suggestions  
16:50:55 From Christopher Carmiencke 2A RRSD : Self Care for Staff and Students  
16:51:04 From Heidi Buckmaster : ditto on credit earning assurance plans  
16:51:08 From 6A Mark Brown – Newberg : 8th to 9th transitions  
16:51:31 From 2A Ryan Gerry : credit assurance plans  
16:51:43 From COSA Zoom 2 : #COSAprinchat Wednesday's at 7:00 p.m.  
16:52:00 From LaKisha Clark : Student mental health. Our wellness center has been doing amazing work on this!  
16:52:13 From Joe Hosang : Can we have a "think tank" for math?  
16:52:16 From Laurel Smalley : Thank you, take care everone.
