

Sept. 17 OASSA meeting Chat transcript

00:20:14 Majalise Tolan: Please use the chat to add ideas and ask questions.

00:27:21 Banks HS - Jacob Pence: Any staff issues/concerns with working in person?

00:27:27 Michael Carter: carter.michael@lakeview.k12.or.us

00:27:32 bstarr:bryan.starr@harrisburg.k12.or.us

00:30:28 Greg Chapman: Michael - are you having all students enter through one entrance?

00:30:51 Kurt Evans - The Dalles: I'm most interested in hearing how mid to large size high schools are navigating the rules around cohorting.

00:31:49 Majalise Tolan: Robert and Ryan, can you speak to your cohorting?

00:32:33 Michael Carter: One entrance per building and controlled traffic "one Way"

00:38:01 Lee - Ridgeview HS: Add on to Kurt's question - How are schools navigating something simple like students using the bathrooms while at school? cleaning between students? Assigning a custodian to be at a bathroom full-time? Help please!

00:39:55 graden_blue, Rainier: Your welcome Michael!

00:47:08 Majalise Tolan: Thank you Michael and Bryan!

00:47:09 bstarr: We are only allowing two students a time in the restroom.

00:48:11 bstarr: Our custodians go through the restrooms every two hours cleaning surfaces

00:50:29 Majalise Tolan: I am curious how people are going to bring back CTE small groups while some CTE students are still on CDL. Trying to wrap my brain around this scheduling.

00:52:20 Banks HS - Jacob Pence: Thanks Ryan

00:56:06 Brett Steinacher: Robert, regarding your A/B schedule, are all of your students attending daily: A days in person and B days through remote synchronous video, or are B day students learning asynchronously on off days?

00:58:35 Keyla Santiago (she/her): Curious about teacher load? Planning for online and in-person. How do they manage the online, since they are also in-person.

01:01:41 Greg Chapman: We've been able to schedule our staff so they only work with one group, A or B. A days they will teach in the building, B days they will teach the same students remotely.

01:02:20 Lynn Jackson:Robert: I am seeking clarification on cohort size.

01:05:18 Reyna Mattson: Really concerned about meeting grad requirements and cohorting with so many singletons...are schools just cutting all options to meet cohorting?

01:07:47 Majalise Tolan: Reyna is at Newport High School. 4A

01:08:34 Majalise Tolan: I am wondering if that could be how hybrid is scheduled?

01:12:44 Keyla Santiago (she/her): That makes sense... older siblings help the little ones a lot

01:13:04 Keyla Santiago (she/her): Major coordination

01:13:54 Majalise Tolan: Thank you everyone! We will be back at it in October!

01:13:56 Lee - Ridgeview HS: Thanks Michael, Robert, Ryan and Bryan!

01:15:03 Annie Tester: Very helpful info from all. Thanks.
01:16:54 Tim Roth: thank you!!!
