

COSA'S ASPIRING SUPERINTENDENT PROGRAM

POWER UP

for the next phase in your administrative career

INTERESTED IN THE SUPERINTENDENCY?

Join us for a three-part seminar series preparing potential superintendent candidates for the position.

Oct. 24, 2022, Dec. 7, 2022 & Feb. 8, 2023

Call 503-581-3141 or register online

\$99 for all three sessions

The Aspiring Superintendent Seminar provides a collegial cohort opportunity for leaders who wish to become Oregon superintendents.

Learn how to apply for the many vacancies that will be available in Oregon for the 2023-2024 school year and how to be prepared for the process. Hear from state and national superintendent search consultants about what school boards and districts are looking for in a superintendent.

This seminar will show you the rewards and challenges today's superintendents face, the politics of the position, how to work with school boards, negotiating your contract, and most importantly — what administrators DON'T know about the position!

One goal of the seminar is to have potential candidates fully prepared to enter into a superintendent search process.

Topics covered during the seminar will include:

- Navigating the superintendent search process
 - Search firm tips
 - Frequently asked questions
 - Needed application materials
 - Preparing for an interview
- Enhancing school district and community relations
- Board governance and the role of the superintendent
- Understanding Oregon's State School Fund (SSF) model
- Instructional leadership vs. operations – finding the balance

We will provide support for the search process, including resumes and letters of interest.
