COMMON CORE STATE STANDARDS

2014 Spring Regional Trainings

COMMON CORE STATE STANDARDS FOR MATHEMATICS IN ACTION

Featuring: Math Consultants Shannon McCaw and Sarah Schuhl

In each interactive and engaging mathematics session, participants will:

- Learn high leverage instructional strategies for priority clusters in the Common Core State Standards.
- Create and/or analyze assessments aligned to Smarter Balanced (SBAC) Claims and Depths of Knowledge.
- Analyze student work on SBAC-style tasks and assessment items to understand proficiency levels and increase student performance.

READING AND WRITING IN THE CLASSROOM K-2, 3-5, 6-12

Featuring: John Slagle, National CCSS Consultant and/or John Schuhl, ELA Consultant

These highly interactive sessions will equip teachers and coaches with **high leverage** techniques, texts, and technologies designed to empower students as they write to analyze and argue about what they read. Rooted in powerful **close listening** and interactive **close reading** instruction. These and other strategies and **formative assessment** examples will position learners for success with upcoming CCSS-based summative assessments.
