### 2022 Election Preview and State Budget Update

Morgan Allen and Parasa Chanramy, COSA

### 2022 General Election – A Quick Guide to Oregon's Upcoming Election

Key Context – This is the first election under new election maps approved by the Legislature in 2021 after the Census – All 60 Oregon House Seats and 16 of 30 Senate seats are up for election

- **Historic Gubernatorial Race** Tina Kotek (D), Christine Drazan (R), and Betsy Johnson (Unaffiliated).
- Oregon Legislature All 60 House seats and 16 of 30 Senate seats are standing for election.
- Once in a Generation Change Coming to Salem We predict at least 30 of the 90 seats in the Legislature to be represented by new members. We haven't seen that much change this century.
- Oregon Added a New Congressional Seat Oregon now has six
   Congressional seats three are open and potentially competitive
- Few Big Ballot Measure Fights Only two citizen initiatives qualify: Legislative Walkouts (BM 113) & Enhanced Gun Control (BM 114).

### 2022 General Election – What Should K-12 Educators Be Watching For?

#### Three Things to Watch For on November 8th

- Historic Legislative Turnover: Expect at least 30 new legislators, which is one-third of the body.
- 2. Can Betsy Johnson pull it off? A win by the former state senator would defy conventional wisdom and would be a major change to Salem's power structure.
- 3. Can Republicans close the gap in the Legislature? For most of the past two decades, Democrats have enjoyed majorities (and sometimes supermajorities) in the Legislature. Democrats currently hold 37 seats in the House and 18 in the Senate.

The most current state budget numbers from the September Revenue Forecast deserve close scrutiny.

- Record Kickers Projected
  - (\$3.4 Billion Personal/\$1.1 Billion Corp.)
- Record reserves relative to the state General Fund
  - (\$5.7 Billion = 20% GF)
- 2023-25 net General Fund revenue is only about \$1 Billion more that 2021-23 net expenditures
- State Economists forecast an economic cooling period, but noted it was a "coin toss" whether the state or nation enter a recession.
- Corporate Activity Taxes (which fund the Student Success Act) are strong and stable.

### State School Fund Update and Advocacy

Morgan Allen and Parasa Chanramy, COSA

### K-12 State School Fund Budget

Key Context – COSA members must be prepared to undertake and help support significant funding advocacy efforts during the 2023 Session.

- K-12 Current Service Level for 23-25 biennium Prepared by the Department of Administrative Services and Legislative Fiscal Office
  - Unofficial, but likely 2023-25 State CSL = \$9.52 Billion
     (\$220 million increase to state SSF appropriation (current state SSF appropriation = \$9.3 Billion)
- What inputs and assumptions make CSL inadequate?
  - 49-51 versus 50-50
  - Historic wages/benefits/turnover used rather than current data/contracts
  - PERS side account payments not included
  - NEW for 2023-25 ADM and Enrollment Projections
  - Inflation assumptions

#### **District and ESD Budget Information**

For proposed State School Fund numbers, we will be asking:

- How many calendar days is that equivalent to?
- How much is the budget deficit for each district/ESD?
- □ How many teaching (or staff) positions is that equivalent to?

#### **Narratives About Student Progress & Needs**

We need to be able to share the stories about student progress, as well as the unprecedented needs of our students.

- ☐ Growth and progress of students, as well as where more support is needed.
- ☐ Social emotional and mental health needs of our students
- ☐ Interrupted learning opportunities our students experienced due to COVID.

#### **Timeline**

■ Expect to begin receiving requests for information in late October, after we get the Fall Enrollment counts.
