

16:11:15 From Ryan Gerry : Has there been anything that has been put in writing regarding that statement of when school is out that facilities are then able to be opened up? Executive order 20-20 clearly states until June 30th.

16:12:22 From COSA Zoom 2 : Ryan, I'll check with Morgan and get information send out should there be something specific.

16:12:26 From OASSA Majalisse Tolan : Is this referencing Summer School guidance?

16:13:05 From schmidt3 : Beyond the reopening of programming this summer, and looking into fall in terms of facilities, has anything been discussed regarding academic eligibility related to distance learning?

16:13:40 From OASSA - Lynn Jackson : Thank you for the questions, keep them coming so that we can address them during the Q&A.

16:15:42 From Jill Weber : When do you anticipate the Phase 2 guidance coming out?

16:16:21 From kevin.bryant : What about physicals etc. issues related to students who may not be able to get to a doctor due to our situation?

16:16:23 From peytonchapman : How do we ensure all students are prepared to compete safely if some school districts don't allow summer practices? Would schools compete against schools that have had a lot more opportunity to get in shape via practices? Or would OSAA redo leagues by which districts are "open" and which are still "closed to athletics"? Equity question

16:16:28 From OASSA Majalisse Tolan : Can they earn the P from last year at any point to gain eligibility?

16:18:32 From Tammie : I would like to suggest answering the questions in written format also to be distributed or made available later for reference.

16:20:30 From Joel Sobotka : Who would you recommend takes temperatures of athletes/coaches if coming to workout on campus during the summer?

16:21:02 From Mike Forrester : With the suggestion of "Keeping travel local," by both the NFHS and the OSAA, what is the OSAA plan to address schools that have to travel extended distances for league play next fall? How far is far enough and how far is to far?

16:22:40 From troy : grades P or I??

16:23:14 From Nathan Stanley : Could you just speak to the difference between the OHAB's limitation on summer camps to 10 vs OSAA guidance to limit to 25 or fewer?

16:25:04 From FloydM : The NCAA's decision to cancel the NCAA tournament and seasons had a great influence on our activities. Will the NCAA decision in the fall have that same effect on OSAA decisions?

16:26:55 From John George : In terms of not being able to handle equipment or catch a pass/baseball there is current information from the CDC that the virus does not spread easily from surfaces, will that change?

16:32:33 From peytonchapman : I am anticipating increased "hardship" transfers for kids who may not be able to play in districts that don't reopen in August and decide to go live with a family member in Bend or a district that does reopen. Pandemics do cause family moves and hardships but how will we make these are legit and "fair"? No need to answer now. Just thinking and sharing. We could see 10% of Portland move to Bend.

16:32:34 From Matt : Will the contingency group agendas and minutes be posted for AD's to review? How will we be kept in the loop?

16:36:22 From Ben Winegar : For P/I, when the I turns to a P, would the student be immediately eligible?

16:39:15 From John George : So why wouldn't we utilize grades from the trimesters, semesters or quarters from prior to the shutdown like we did for seniors??

16:39:20 From schmidt3 : I think that we should have a fluid system within schools and districts so that as soon as a kid passes their fifth class then they become eligible.

16:39:37 From kevin.bryant : no further conversations about moving spring sports to fall and fall to spring, correct?

16:41:12 From Katy Wagner : There may be some language in the Safeguarding Student Opportunity section of the ODE guidance that could be used to align the eligibility issue

16:43:40 From Ben Buchanan : Spring sports took a hit this spring. If we switch seasons they could take another hit this fall

16:44:04 From kevin.bryant : What have been your leadership take aways in the midst of this challenging time that might encourage us?

16:46:35 From Neil Fendall : Can you address John's question at 4:26?

16:47:29 From OASSA - Lynn Jackson : Thank you for the 4:26 review.

16:49:54 From John George : Thanks.

16:49:55 From peytonchapman : Private schools have much more ability to open earlier due to their autonomy and

size. I could see a scenario where Metro area 6A schools are closed with only private schools able to compete. What would OSAA do in that scenario?

16:51:17 From GregM : If we possibly start the Fall sports later than usual, would we limit then contest and would that carry forward into the winter and spring seasons?

16:51:32 From JBoyd : Timeline getting PPE will be the issue. 2 month delay on delivery right now and that is gloves and masks only.

16:53:23 From John George : Ok. I got here late.

16:53:25 From peytonchapman : And limits in numbers of kids in busses would require more busses. Hard issue.

16:54:51 From Matt : You could charge streaming entrance fees through NFHS

17:00:20 From Matt : Will or could OSAA put together recommendations on COVID-19 assumed risks? Like a waiver?

17:01:17 From Gareth Luebbert : Thanks Peter

17:01:22 From Salvador Munoz : Thanks Peter

17:01:24 From Matt : Really appreciate you Peter. Thanks!!!

17:01:24 From Mark : Thank you, Peter.

17:01:31 From Jacob Pence - 4A Banks HS : Thanks Peter!

17:01:33 From Don Walker : Thanks Peter!

17:01:34 From OASSA Majalisse Tolan : Thank you so much!

17:01:34 From Ben Buchanan : Thanks Peter

17:01:37 From Tim Rupp : thank you

17:01:43 From gertenrich_clinton to COSA Zoom 2(Privately) : Thanks Peter!

17:01:43 From Dayton - Josh Crawford : Thank you Peter!

17:01:47 From Joel Sobotka : Thanks Peter

17:01:51 From Cody Aker : Thanks Peter!

17:01:54 From robertmedley : Thanks Peter!

17:01:55 From JennesDG : Thanks Peter!

17:01:59 From GregM : See you at the Sheep Ranch, Peter!

17:02:01 From Mike Forrester : Thanks Peter!

17:02:07 From gertenrich_clinton : Thanks Peter!

17:02:08 From JBoyd : Thanks Peter!

17:02:11 From Robert Lingo : Appreciate the information, Peter. Thanks for taking the time.

17:02:23 From peytonchapman : Thank you Peter and OSAA! We so want our kids to be able to safely and equitably reconnect, practice and play!

17:02:25 From Derek Barnett : Thanks Peter

17:02:27 From TGanfield : Thanks Peter! I appreciate the communication.

17:02:29 From Mike Mills : Thanks Peter, much appreciated

17:02:49 From peytonchapman : Great facilitation Lynn!

17:03:28 From justin.starck : Do you anticipate allowing multiple people to handle one ball during phase 2?

17:08:19 From 2A RRSD Morgan Cottle : Zoom Fatigue article

17:08:21 From 2A RRSD Morgan Cottle : https://ideas.ted.com/zoom-fatigue-is-real-heres-why-video-calls-are-so-draining/?utm_term=social-science&utm_content=talk&utm_campaign=social&utm_medium=referral&utm_source=facebook.com&fbclid=IwAR08aQ7wBLDSF8GoqTtEtgZLYB1sn2hdYqYqUarYWE3EM800EotsqVd2Hbc

17:08:33 From Greg Chapman : I appreciate Zoom meetings only for the fact that I guarantee I would not have attended this meeting in person.

17:10:23 From OASSA Majalisse Tolan : Thank you for sharing that a league is doing that!

17:16:37 From Vicki Nelms : Thanks for bringing that up Dennis.

17:16:57 From OASSA Majalisse Tolan : At least it wasn't 10:00 on the news. ;)

17:17:25 From Salvador Munoz : Thanks again Peter

17:17:25 From sullivan : Thank you Peter

17:17:26 From MDay : thanks peter

17:17:56 From gertenrich_clinton : Nice job Lynn
