Practical strategies for  
assessment that improves  
instructional design

Are you ready for Smarter Balanced? Our team of Oregon educators can help you design meaningful formative assessments that are based on CCSS and aligned to SBAC.

- Get invaluable practice designing classroom assessments
- Learn from educators on the front lines
- Participate in three areas of specialty:
  - elementary school educators (time splits between ELA and math)
  - secondary math and science teams
  - secondary ELA and social studies teams
- Special breakout session for administrators: Learn how to help your teams move forward
- All training resources will be available on the Educational Excellence website for participants' use in the future.

For more information, visit the [COSA](#) or [EdEx](#) websites.
