

Leadership And Empowerment

Jaime Robles

Compelling Purpose

- It Is The Reason Your Organization Exists
- It Is A Set Of Beliefs...Not An Initiative
- It Drives Decisions, Actions, Expenditures, and Personnel Matters
- It Must Live Every Day

Empowering People

- Free Them Up To Do What They Are Here To Do
- Support Them, Guide Them, Trust Them
- None Of Us Is As Good As All Of Us
- Help Fill Gaps They May Have

Shared Leadership

- You Must Be Collaborative
- You Must Be A Problem Solver
- It Will Save You Time And Grief
- Let Stakeholders Have Input On Decisions That Affect Them

Accountability

- It Is A Result Of The Above Components
- It Is About More Than Yourself
- It Is About Trust
- It Is About Getting It Right, Not Being Right
