

#### Strategies to Try at Home:

##### **On-Track: Attendance**

- Continue to emphasize the importance of good attendance. Students with regular attendance tend to perform better and learn more than students who have multiple absences.

##### **On-Track: Behavior**

- Continue to emphasize the importance of focusing on instruction in class and following school rules and expectations. Students demonstrating appropriate behavior tend to perform better and learn more than students whose learning is interrupted by misbehaviors.

##### **On-Track: Course Work/Essential Skills**

- Continue to emphasize the importance of academic achievement to earn a high school diploma:
  - o Praise student effort and progress.
  - o Emphasize the importance of an education.
  - o Ask your child about his/her classes. Be involved. Stay on top of their work through Home Access Center and support their efforts to learn new skills and information.
  - o Discuss college options and skills necessary for future careers.
  - o Contact teachers when you have questions or concerns.
