MEASURING PROGRAMS AND PROCESSES

PURPOSE		PARTICIPANTS	IMPLEMENTATION		RESULTS
What is the purpose of the program or process?	*How will you know the purpose is being met? (What are the outcomes?)*	*Who is the program/ process intended to serve?*	*What will it look like when the program/ process is fully implemented?*	*How is implementation being measured?*	*What are the results?*
		Who is being served? Who is not being served?		*To what degree is the program being implemented?*
