Dear Parents and Guardians:

Your child, _____, was assigned to Friday Intervention on _____ by _____ . **He/She did not attend.** The purpose of Friday Intervention is to assist students who have Incomplete grades. This time is used to make up work, receive additional support for skill development, and/or prepare for State tests.

Your child has now missed out on this opportunity. Please help to make sure that your student attends school on the Friday’s they are assigned.

The process for future notification on Friday Intervention will be this process:

1. A teacher will assign and notify your child to Friday Intervention.
2. Additionally, your student will be given their Friday Intervention Schedule during their 4th period class on Thursday.
3. Your child is then required to attend on the Fridays assigned. This is NOT an optional attendance. Teachers prepare academics specifically for your child’s needs on these Fridays.

Friday Intervention Schedule:

Bus pick up times: regular bus pick up time
Lunch: 11:00 – 11:25
Board bus after lunch to return home

Note, your child is only required to attend the sessions that they have been scheduled for. All students are welcome to attend Friday Intervention days to improve their academic status or participate in other activities.

We appreciate your support with helping your child reach their potential,

Scott Depew, Principal
